One Bumrah, two very different Indias: Numbers expose bowling dependence

Source: TOI_Top_Stories

India's T20I bowling performance has declined in 2026 when Jasprit Bumrah is absent from the team. Without him, India's average has increased notably, and they are struggling to take wickets. The ongoing T20I series against the West Indies has highlighted these challenges, particularly on batting-friendly surfaces. Additionally, India's fielding issues, including dropped catches, are compounding their problems.
